### TECHNICAL BULLETIN REGARDING DECA-BDE

February 27, 2009

In response to requests for information regarding the use of decabromodiphenyl ether (Deca-BDE) in products sold by Positronic Industries, Positronic can provide the following statement.

To the best of our knowledge, none of our vendors intentionally add Deca-BDE to the materials we purchase, and therefore, it should not be present in our products. Please be advised that Deca-BDE is ubiquitous in nature and subsequently, trace levels may be detected as an impurity.

If you have any questions about this or any other RoHS related issue, please contact our Technical Sales at 800-641-4054.

Best Regards,

A handwritten signature in black ink that reads 'K. Gentry'.

Dr. Kathleen D. Gentry, Manager  
Environmental Standards Department
